

**NTLEC is pleased to be working in partnership with Judith Carter, Educational Psychologist and Director of Willow Tree Learning.**

Willow Tree Learning is a provider of bespoke Educational Psychology, SEN-D training and inclusive school improvement services.

# Understanding Dyspraxia

**Training session for all Teaching Assistants and Class Teachers**

## Course Outline

The focus of the course will be understanding the child or young person beneath the 'label.' We will explore the definition of dyspraxia and identify the associated barriers to learning. This will be considered within the context of 'neuro diversity' as opposed to a 'deficit' or medical model. Time will also be spent identifying practical support strategies and adjustments that can be made to enable participation and learning for children and young people with dyspraxia.

**When:** Thursday 11 May 2017

**Time:** 3.45pm – 5.15pm

**Where:** Management Suite, Thorpe St Andrew School and Sixth Form

**Cost:** £40 per person, additional places at £35 per person from same school.

**Light refreshments will be provided**

**To book your place please email:**
