

# Governor Training Sessions

Governors are invited to attend one, two or all of the sessions below to develop their understanding of key features of effective governor practice.

These sessions also provide an opportunity to network with other school governors.

## **Session 1 : Vision, Ethos and Strategic Direction**

Your school's vision underpins every decision you make as a local governing board.

A compelling 'organisational' vision is important to school improvement. It creates collective commitment to improvement and enables the school to respond positively to changes and developmental needs.
