

# WOMEN IN LEADERSHIP

Following the success of this programme over the last two years in Suffolk and Essex, NTLEC is pleased to have been chosen to help increase leadership opportunities for women in Norfolk (Primary and Secondary).

Eligible staff are invited to apply to take part in this tailored programme which will provide significant personal development and school benefits.

Through funding from the DfE and in-kind support we are offering a programme valued at over £1000 per participant. The only cost to schools will be a £100 contribution towards psychometrics and coaching.

## Who is it for?

All women who would like to become more confident leaders (whether it be within your department or the wider school) are invited to apply to take part in this tailored programme which will provide significant personal development and school benefits. If you are looking to develop your leadership skills further, or just need to boost your self-belief and confidence, this programme is for you. A personalised course that will benefit women at any level of current school responsibility.

## Benefits of the programme:

- ✓ Greater understanding of the barriers to women's progression and how to overcome them;
- ✓ Creating focus, and learning to balance work and non-work demands;
- ✓ Building self-confidence and the ability to get the most from others;
- ✓ Managing self and team wellbeing and performance;
- ✓ Developing an effective support network;
- ✓ Access to 1-to-1 coaching sessions;
- ✓ Improved leadership and performance in your school as learning is embedded in the workplace.
